DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-14 are rejected under 35 U.S.C. 102(b) as being anticipated by Haruna (6604738).

Haruna discloses a positioning apparatus as recited in the claimed inventions in claims 1-14. Haruna discloses plug member (fig.1), slide portions (37 which are inclined), drive means (39 and 45) with a slit (which is the recess), and annular press member (21).
